

JOHN VEDANTH RAJ BANTU

314-393-9769 • johnvbliss7@gmail.com • LinkedIn • GitHub • St. Louis, MO

EDUCATION

Saint Louis University St louis, MO USA
Master of Science in Cybersecurity
Jawaharlal Nehru Technological University India
Bachelor of Technology in Computer Science

Expected 2025
GPA:4
2018-2022
GPA:3.75

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, Dart, HTML, CSS
Front-End Technologies: React.js, Flutter, Bootstrap, Material UI
Back-End Technologies: Node.js, Express.js, Firebase, REST APIs
Database Technologies: MongoDB, MySQL, PostgreSQL
Cloud & Security: Microsoft Entra ID, Azure Security, AWS, Security Clearance
Development Tools: Git, Jira, Docker, VS Code
Methodologies: Agile, Software Development Lifecycle (SDLC), Web Accessibility Standards

PROFESSIONAL EXPERIENCE

Frontend Developer Intern (*KingoftheCurve* – St Louis, USA)

August 2024 – Present

- Developed interactive web pages using Flutter and Dart, improving user engagement by 20%.
- Integrated Firebase for real-time database management, enhancing application performance.
- Worked in an Agile environment, collaborating with cross-functional teams to meet project deadlines.

Full Stack Developer - L2 (*Wipro Technologies*, Remote, India)

May 2022 – July 2023

- Developed scalable web applications using Java, Spring Boot, React, and Angular.
- Implemented microservices architecture for modular and maintainable code.
- Conducted website optimization, improving loading speeds and SEO performance.
- Collaborated with cross-functional teams in Agile environments, showcasing problem-solving and leadership skills.

Techmihirnaik, Remote Intern

November 2021 – January 2022

- Developed responsive UI components using **Angular** for a food delivery platform.
- Integrated **APIs** to enhance website functionality and responsiveness.
- Conducted website maintenance, bug fixes, and **performance optimization**.

PROJECT

E-commerce Website Optimization (*Personal Project*)

2023

- Built a headless e-commerce platform using React, Next.js, and Shopify.
- Optimized SEO, improved page speed, and integrated Stripe & PayPal for transactions.

Movie review System | https://github.com/BlissJohn/movie_review_system.git |

2023

- Developed a dynamic movie review platform using Spring Boot, Angular, and MySQL.
- Designed an intuitive UI for seamless user experience.

Learning Platform Enhancements (*KingoftheCurve*)

2024

- Developed and enhanced web pages for an interactive learning platform using **Flutter**.
- Focused on improving performance, optimizing layout designs, and **enhancing user engagement**.
- Integrated **API calls** for seamless data synchronization across user sessions.

INVOLVEMENT

• Volunteer, TechSTL (2024)

Engaged in local tech events, including the **Startup World Cup**, where I networked with industry professionals and gained insights into **innovative tech startups**.

• Member, Local Full Stack Developer Meetups (2023-Present)

Collaborated with developers on **open-source projects**, improving my **coding skills** and contributing to community-driven solutions.

- Strong communicator and team player**, actively engaging in knowledge-sharing sessions.

SOFT SKILLS

- Strong communication and teamwork
- Problem-solving and critical thinking
- Organizational skills and time management
- Highly motivated and adaptable

- Resiliency and innovation
-

AWARDS AND HONORS

- **Wipro Technologies Performance Recognition (2023)**

Awarded for my contributions to full stack development, specifically for delivering high-quality work in Java and Spring Boot projects. Recognized for exceptional contributions as a Full Stack Developer in **Java** and **Spring Boot** projects.

WORK AUTHORIZATION

- Authorized to work in the U.S. for internships under F-1 visa (CPT) and eligible for full-time roles with OPT (STEM-eligible).
-

SUMMARY

- Highly motivated Full Stack Developer with a strong background in cybersecurity and cloud security. Experienced in designing, developing, and securing web applications using modern frameworks. Adept at working in Agile environments, collaborating with cross-functional teams, and implementing secure coding practices. Passionate about optimizing application performance and ensuring web accessibility. Seeking a dynamic role where I can apply my technical skills and problem-solving abilities to drive innovation and efficiency.
